On the grand jury which, it is expected, will investigate the Haddock assassination at Sioux City, Iowa, are: the democratic and three other persons who are believed to be opposed to the prohibition law.

The Woman's Christian Temperance Union convention, in session at Minneapolis, pledged its influence and sympathy to the prohibition party. A motion declaring the republican party in Iowa responsible for the Haddock murder, was tabled. The corresponding secretary reported the number of names at 4,681, with a total membership of 924,820.

The proclamation of the President, re-establishing the 10 per cent. discriminating duties on Spanish imported products is to be withdrawn, as Spain is to make concessions regarding duties paid on United States products imported into the Spanish West India possessions. This announcement is temporary in the expectation that permanent treaty arrangements will follow.

The annual report of Hon. Nicholas M. Bell, superintendent of foreign mail, shows that the estimated total number of letters sent to foreign countries during the last fiscal year was 37,002,893, and 30,405,847 were received; 47,040,004 newspapers were sent and 26,700,000 were received. The cost of the sea transportation service during the year was \$307,448, as against \$381,003 last year. The estimates for the service next year aggregate \$368,000.

A dispatch dated London, England, Oct. 26, says: "Further analysis of the returns of trade yield astonishing results showing a tremendous rebound from the recent stagnation. The employment of steam shipping in the transportation of merchandise all over the world is the best test of the revival afforded by the returns. From these it appears that not less than 80 per cent of the whole shipping—steam and sail, in dry docks or laid up three months ago—are now under freight, and at the present time either on the high seas or unloading or taking in cargo."

The Prairie du Chien Courier, the oldest democratic paper in the western part of the state, gives the following reasons why democrats will vote for Rusk: "Every day democrats avow their determination to support Rusk regardless of party considerations. They feel that his defeat at this particular time would be hailed with delight by the anarchists and socialists all over the country, and that the present is not a fitting period to tender this class any encouragement. We are not going to abuse anybody, or traduce and question the motives of those democrats. We know they are sincere, many of them in believing it to be their duty to lend their aid to repudiate the leaders of anarchy in this state. They believe if Rusk is defeated, every socialist with a leaning toward anarchy will be encouraged."

At a meeting held on Tuesday evening, at Cooper Union, New York, in the interests of Henry George, the labor candidate for mayor, George Redpath read a letter from Colonel Bob Ingersoll, expressing regret that he could not be present as announced, and endorsing the movement. The letter contained some true sentiment, clothed in the writer's pleasing style, but closed with the following infamous sentence: "Let the masses be hungry; let them find out that the rich are their enemies, that wealth is a slave-driver and that capital is cruel and heartless. What then will palaces be worth?"

This is the kind of talk that begets anarchy and bloodshed, and coming from the pen of a man like Colonel Ingersoll it is harmful in the extreme, and yet it is not surprising that a man who deludes to blasphemy and denounce the most holy and sacred truths of the bible, should so far forget himself as to give utterance to the above quotation. The implied threat excited, means the destruction of property, the encouragement of riots, and the overthrow of the best government under the sun. Colonel Ingersoll knows, as does every other intelligent American, that the sentiment uttered is as false as hell. He also knows that it is a popular sentiment with the worst class of men claiming citizenship on the free soil of America. The sentiment and the man who utters it, be he high or low, should be denounced by every loyal citizen.

## CAN DO AS THEY PLEASE.

NEW YORK GIVES HER FRENCH GUESTS CARTE BLANCHE.

A formal reception at the City Hall and a tour of the institutions of the Metropolitan Museum of Art and the Little Theatre, breakfasted—Whittier Writes a Poem.  
New York, Oct. 28.—The City hall, resplendent with bunting and flags of all nations, was the scene Wednesday of a formal reception to the French delegates, when the freedom of the city was presented to them. The hour appointed for the reception was 1 o'clock, but the delegates, who had decided to draw back to the ceremonies, and it was 2 o'clock before the affair began. Mayor Grace presented M. Bartholdi and the delegates to the president of the board of aldermen, the members of the board, which was beautifully decorated with flags and emblems. The mayor made a short address of welcome in behalf of the common council of New York. The delegates then took the resolutions granting the freedom of the city to the French guests, and M. Bartholdi answered the mayor. M. Bartholdi spoke in English with some difficulty, and said:  
"I am deeply moved by all the kindness shown me by you and your city. I look at my work I feel somewhat averse to accepting so much honor, for I can not forget my fellow citizens in this city, and I must not forget them. He was followed by M. Deschamps, who spoke in French. He compared our city government to that of Paris, and said that he intended to note our peculiar institutions, and if possible introduce reforms in the municipal government of Paris. After the mayor had signed the resolutions granting the visitors the freedom of the city the morning adjourned, and the company left the city hall with the mayor to make a tour of the city's institutions, etc.  
The presidential party reached Jersey City at 3:15 p. m. The trip from Washington was without incident, and as but a few brief stops were made there was no opportunity for demonstration. A crowd had gathered at the station in Jersey City to see the distinguished party, but the president, accompanied by the station master, and followed by Secretaries Bayard, Whitney, Tanner, and General Vilas and Col. Lamont, proceeded directly to the carriage, which were awaiting them, and were driven to the Desbrosses street ferryboat. Secretary Whitney entertained the party at his Fifth avenue residence.  
The independent publishes the following poem by John G. Whittier on the statue of Liberty:  
The land that from the rule of kings  
In freedom was itself made free,  
One old world sister to us brings  
Her sculptured dream of beauty.  
Under the shadow of Egypt's sands,  
Uplifted by the toll-free slave,  
On freedom's soil with freedom's hands,  
We rear the symbol free lands gave.  
O France, the beautiful! To thee  
Once more a debt of love we owe,  
In peace beneath thy flag do lie  
We hail a later Roubineau.  
Rise, stately symbol; holding forth  
Thy light and hope to all who sit  
In chains of darkness! Breathe the earth  
With watch-fires from thy torch uplift.  
Reveal the primal mandate still  
Which shall be free to all who be,  
Trace the noblest ideal eternal  
In signs of thee: "Let man be free."  
Shine far, shine free, a guiding light  
To reason's ways and virtue's aim—  
A lightning flash the wretch to guide  
Who shudders his license with thy name.  
The Union League Receives.  
New York, Oct. 28.—The French visitors were tendered a reception by the Union League club Wednesday evening. The interior of the club house was decorated with the flag of France and American, interwoven artistically. Senator Evans, president of the club, escorted Count de Lesseps, followed by C. N. Bliss and Admiral Juarez, Chanay, M. Depue, and M. Bartholdi. Among the eminent gentlemen present were Col. Sheridan, Lieutenant Governor Jones, Judge Noah Davis, Gen. Schofield, Theodore Roosevelt and William Walter Phelps.  
De Lesseps and His Daughter.  
New York, Oct. 28.—Count de Lesseps, with his little daughter, and Napoleon Ney were tendered a breakfast at Delmonico's by Mr. Cyrus W. Field Wednesday. Many prominent men were present, including Mayor Grace, Hon. Levi F. Morton, Gen. Stone, and Maj. J. M. Bundy. The hall was prettily decorated. After the breakfast M. de Lesseps proceeded to the city hall, where he and the other French delegates were formally received the freedom of the city.  
The Columbus Election Forgery.  
COLUMBUS, Ohio, Oct. 28.—Francis, the convict, who is alleged, had a hand in the election forgery in this city in 1885, was before Justice Frisick Wednesday and gave a detailed description of the forgery. The work, he said, was finished Sunday night. At 10 o'clock that night he took the papers to the female department, and there put the conspirators. They examined the papers, said they were all right, and took them. As to the method of taking the papers from the safe, Francis said that Joyce had arranged to leave the safe open, let Steele take the papers out and give them to Grunville, who brought them to the prison. As to the forgery, Francis said he changed all the twos to fives and ones to fours.  
Another Improvement in Telegraphy.  
WASHINGTON, D. C., Oct. 28.—Two patents have been issued this week to Mr. Lucius J. Phelps on duplex telegraphy. Under these inventions it is claimed that the same wire used for telegraphing to or from trains may be worked "duplex," thereby enabling it to be used as an ordinary Morse wire between stations and simultaneously used for telegraphing to and from moving trains. The system is to be immediately applied by the Phelps Telegraph company upon the Lehigh Valley railroad.  
Might Be a Good Thing for Mexico.  
ST. LOUIS, Mo., Oct. 28.—A special from Nogales, A. T., says: The proposal of prominent Mexicans to establish a dictatorship to replace the presidency of Mexico is attracting a great deal of comment. The Mexican papers, with few exceptions, have lately espoused the scheme and urged its adoption. La Voz de Mexico strongly urges in its latest edition that Gen. Diaz be made dictator, and the organ of Montemorelos demands that the general's term be made twenty years, and that the office be made hereditary.  
Increased Their Wages Ten Per Cent.  
READING, Pa., Oct. 28.—An increase of 10 per cent. has just been granted to the employees of the Reading Iron-works, to take effect next Monday. Under the new scale of wages publishers, who formerly received \$3.50, will be paid \$3.85; helpers, \$1.50; rollers, \$2.40; catchers, \$1.50, and laborers, \$1.75.  
Food for Consumptives.  
Fetti's Emulsion of Cod Liver Oil with Hypophosphites, is a most wonderful food. It not only gives strength and increases the appetite, but breaks the force of the disease, and is palatable as milk, and thenceforward, disease, both for adults and children, is a marvelous food and medicine.

IT REMAINS RIGID IN SPITE OF RUSSIAN WRATH.

The Bear Still Troubled Over That Alleged Anarchy—Churchill Makes a Few More Remarks on Ireland—A Socialist Procession Prohibited—The Bears Grabbing Zuluana—Foreign Miscellany.

SOFIA, Oct. 28.—Gen. Kaulbars has notified the regency that if the officers were punished Russia will have recourse to extreme measures. The regency, having reason to suspect that Gen. Kaulbars will give assistance to M. Zankoff and his adherents in the formation of a pro-Russian ministry during the absence of the regents at Tarnova, have taken the precaution to arrest all persons suspected of harboring intentions hostile to the government, and have also ordered all troops in and about Sofia to be held in readiness for immediate action.  
Hound to Have That Anarchy.  
VIENNA, Oct. 28.—The Official Messenger says: "Anarchy in Bulgaria prevents the Russian consuls from protecting the lawful interests of Russian residents. After Gen. Kaulbars left Varna several Russian consuls were arrested. These two Russian consuls have been dispatched to Varna to protect Russian subjects and Russian interests."  
Ordered to Write Patiently.  
VIENNA, Oct. 28.—Dispatches from St. Petersburg state that the Russian newspaper editors have been instructed by the government press bureau to adopt a patient tone in the construction of their articles treating of Russia's foreign policy. CHURCHILL MAKES ANOTHER SPEECH  
He Promises Measures in Accord with the Spirit of the Age.  
LONDON, Oct. 28.—Before leaving Bedford for London Wednesday, Lord Randolph Churchill delivered another notable speech before a large audience. He said that he anticipated hard and heavy work in parliament during the winter. The government was resolved to submit to the country real and genuine measures in accord with the reforming and progressive spirit of the age. He thanked the deputation from Dublin for attending the conference. The Irish people, he remarked, were for the moment influenced by the excitement of the day, and were formerly occupying high office were now using their reputation to weaken the authority of the crown. For those reasons constitutional principles were for the moment at a discount in Ireland. The minority desired to popularize these principles in Ireland, knowing that that part of the United Kingdom would be benefited the same as England had been by just, strong and orderly government.  
Lord Randolph Churchill's speech was greatly applauded. He received over 400 Conservative addresses during his stay in Bedford.  
The Socialist Demonstration Prohibited.  
LONDON, Oct. 28.—Col. Sir James Fraser, chief commissioner of the city police, has written to the committee of the Social Democratic federation stating that he will not allow any procession to march through the streets on Lord Mayor's day except the customary pageant of that day. In reply to Col. Fraser's letter the committee returned a protest against his decision, and demanded to know by what authority he assumed to prohibit a legal demonstration by workmen. It is now generally believed that the federation will disregard the notice of Col. Fraser and carry out their original programme of a counter procession.  
Boys Invading Zuluana.  
LONDON, Oct. 28.—The startling news has been received that the Boers have entered fully five miles of Zuluana. Natal is in a state of alarm, and the British colonial council is in communication with the British mission, and the authorities are all at sea. The natives are rising on all sides, and a general South African war seems rapidly approaching, including hostilities between the Boers and British.  
Funeral of Von Benst.  
VIENNA, Oct. 28.—The funeral of Count Von Benst took place Wednesday. The count's funeral family were represented by the Archduke Charles and Louis, to whom were assigned seats of honor in the church. Among the large attendance of notables were Count Kinsky and Count Von Taut.

MUNICH, Oct. 28.—King Otto of Bavaria is suffering from frequent and violent paroxysms of insanity, which his friends, physicians, and attendants believe must soon result fatally.

The defendants, representing the Knights of Labor, came to Plymouth and ordered on the men employed by F. M. Emery, boot and shoe dealer, until Emery agreed not to use Harrington's leather. The case is without a precedent in New England.

## UTTERLY DISCOURAGED.

pressing the feeling of many victims of nervousness, neuralgia, sciatica and other ailments. Having tried all other remedies, and physicians of all schools, without relief, there seems to be no hope. Many such have been cured by the use of this medicine, and to their surprise and joy have found that it was a safe, sure and quick cure. Athliophoros is not an experiment; thousands have been cured by its use and they testify as to its value.

William Blair, train dispatcher of the D. G. H. & M. railroad, Detroit, Mich., says: "For about fifteen years I have been almost a constant sufferer from neuralgia, many times uniting me for my business duties as well as making life a burden. The strain on my nerves was so great that I nearly lost the use of one of my eyes. I was suffering very much, and had never succeeded in getting anything that would give me but temporary relief, and that was of very short duration. The first bottle of Athliophoros made a very decided change, in fact I had some relief from a few doses. I probably have used a dozen bottles, and it is six months since I had a severe attack. I keep the medicine on hand all the time; I have some at my office and some at home, so that in case I should need it I am well prepared. I have had times during my use of this medicine that my neuralgia would come on during my business hours, and by having the medicine close at hand a dose or two would drive the neuralgia away. For neuralgia Athliophoros is undoubtedly the best medicine, and I think I ought to know, as I have during the many years that I have suffered had occasion to try about every thing in the line of medicines for this complaint."  
Every druggist should keep Athliophoros and Athliophoros Pills, but where they cannot be bought of the druggist the Athliophoros Co., 112 Wall St., New York, will send either (freight paid) on receipt of regular price, which is \$1.00 per bottle for Athliophoros and 50c for Pills.  
For liver and kidney diseases, rheumatism, sciatica, weakness, nervous headache, indigestion, etc., Athliophoros Pills are unequalled.

Fred A. Vankirk was busy to-day, moving into his new home.  
Kendall and "A Pair of Kids" at Lappin's hall to-morrow evening.  
The democratic umbrella this year is like charity—it covers a multitude of sins.  
There was an unusual amount of color in the Salvation Army parade last night.  
This evening at the Ritzler's armory the dance of the Young Men's Quadrille Club will be held.  
A movable butcher shop has been doing a fair business on the down-town streets for a day or two.  
Mrs. Will H. Ashcraft, who has been dangerously sick for a few days past, is considerably better.  
J. F. Morse, who has been very sick for some time past, was reported to-day as being slightly better, but there is only slight hope of his recovery.  
Republican caucuses in the First, Second and Fourth wards this evening at 7:30 o'clock. Republicans in those wards make a note of it and attend.  
A polo game, intended partly as a feeder to determine how a series of matches would be received, is talked of, but nothing definite has yet been done.  
Janesville Commandery No. 2, Knights Templar, assemble in regular semi-monthly convocation this evening at Masonic hall. A full attendance is desired.  
Marshal Hogan's patrol wagon has had its picture taken. It things go on that way much longer a common drunk will stand no chance at all for a ride.  
The children in nearly every neighborhood at Rockford, says the Gazette, are more or less afflicted with the distressing complaint of whooping cough, so much so in some localities it is epidemic.  
According to the Milwaukee Sentinel Mayor John W. Wilson will be the democratic candidate for the assembly from this district. If he refuses to accept, either J. B. Doe, Jr., or T. T. Croft will help fill the ticket.  
Mr. Torrence's offer to give instruction in the elements of vocal music to all members of the Choral Union who desired, has already pleased several new names on the roll. The rehearsal last evening was well attended.  
It is understood that the Salvation Army will rent Cannon's Hall for another year. One of the officers said this morning that they had the refusal of it and were likely to take the lease although this had not yet been formally decided upon.  
Two marriages were celebrated in the city yesterday, one at St. Patrick's church and one at St. Mary's. The first was that of Patrick H. Griffin and Miss Mary McGowan while the second was that of Thomas Long and Miss Alice Dwyer. All the parties live here.  
Some irreverent person has started a story that the council intends on dark nights, to have red lanterns hung over the rules in the Milwaukee street pavement to prevent accidents. Several aldermen when interviewed upon the subject at once pronounced the report to be false.  
The Ladies Aid Society of the Presbyterian church will have one of their pleasant socials to-morrow (Friday) evening, at the residence of Mr. John Ains, on North River street. The supper, for which 15 cents is charged, will be ready at half past six o'clock. All friends are invited to come to supper and have a good social time.  
County Judge Salo has appointed Daniel Johnson, of Union, Seth Fisher and Geo. Fellows, of Center, commissioners to review the action of the supervisors of the town of Harmony in the matter of a certain highway in section 33 of that town. The commissioners entered upon their work to-day, and visited the scene of dispute in order to better acquaint themselves of the facts.  
The committee of arrangements for the grand union meeting to be held at the risk on Sunday evening next, have used all possible diligence in finding the head of every organization in the city that they might extend to them an invitation to every member of said organization to be present. If we have inadvertently omitted any society from our list we take this means of extending to them a cordial invitation.  
According to the annual report of the American Humane Association the Wisconsin society has in the past year presented fifty-four offenders, taken care of one hundred and one children and relieved the sufferings of five hundred and sixty work horses and other animals. Why have none of our local philanthropists thought to establish a branch of this society in Janesville?  
"Halloween" comes next Sunday night and the cabbage stalks and turnips usually bestowed so freely may be a little less numerous this year on that account. The parties which, to Scotch young folks, are looked forward to long before the time comes, will also be less numerous. "Halloween parties" when taken hold of with a vim have a spice of romantic superstition that no other gathering can boast and they are appreciated accordingly.  
The case of Laube against Shopbell & Norris, recently tried before Justice Prechard, and decided in favor of the de-

fendant, is to be appealed. Mr. Laube claims that the refrigerator in question was of the Jackson pattern, with only one change. It was held at the trial that when this change was made, no trial was given as to its successful operation. Thus, Mr. Laube denies, and it is on this ground that the appeal will be taken.

—To-day, a curryall from Buchholz & Nowlan's factory, started towards Greenville, Kentucky. When the Janesville manufacturers can compete with those Cincinnati firms that have furnished the whole northwest with vehicles, it speaks well for their enterprises. And orders of this kind are coming in every day. Tuesday, a curryall was shipped to New Orleans, and on Saturday another will go there. This way of "carrying coals to Newcastle" has a significance very different from the old one.

—It is rumored that the management of the opera house this season will be in charge of a firm consisting of P. L. Myers, of this city, and J. J. Murdoch, recently of Chicago. Mr. Murdoch has been connected with the theaters of Chicago, Pittsburgh and Cleveland for several years, and also been manager of some of the well known companies now on the road. The scale of their prices for the Myers house has been fixed at twenty-five, fifty and seventy cents, and one dollar.

—The Philadelphia Press: "Mr. Kendall's satirical and musical comedy, well known as 'A Pair of Kids,' was received with great hilarity at the Ark last evening. Mr. Kendall is an actor of a good deal of merit, and he does a great many funny things in the course of the evening. His company is large, and every member has a great deal to do in the way of dancing and singing, and they do it well. The performance of Miss Jennie and Mr. Arthur Dunn called forth almost as much laughter and applause as the eccentricities of Mr. Kendall. Mr. Jackson, as 'Daddy Bedad,' also made something of a hit. The audience enjoyed almost everything." At Lappin's hall on Friday evening.

Well sold the barn and real estate with the stock and business, on very favorable terms, or will sell the stock and furnishings, and rent the barn for a term of years.
